

# Confidential Wholesale Pricing and Product Guide

February 2019

Quintro HealthCare is an open Wholesaler, supplying an innovative selection of mobility and independent living products.

Our focus is on delivering products made of lightweight materials with unique features that are modern, stylish and functional, enabling consumers and their families to have wider choices for their mobility requirements.

We support a broad range of Wholesale customers, including State and Federal contracts, with exceptional brands. Ask us how we can support you today!

## Price Guide

Wholesale prices do not include GST which will be added onto the invoice if GST applies to the product.

A minimum order fee of \$9.90 including GST applies to all orders under \$100.00.

Wholesale pricing excludes freight.

Orders can be placed with your Territory Manager or via phone, fax or email to:

**[orders@quintro.com.au](mailto:orders@quintro.com.au)**

## Drop Shipment (B2C)

Orders under \$50 are charged at the applicable buy price plus freight charges.

Orders over \$50 are charged at the applicable buy price plus \$9.90 incl. GST B2C charge, plus freight charge.

## Payment Terms

<b>EFT / Bank Deposit / Credit Card</b>	Paid on 25th of following month	Full statement value	Payment details on the statement
<b>Overdue Interest</b>	Quintro HealthCare reserves the right to charge interest on overdue amounts at the rate of 0.05% per day (equivalent to 18.25% per annum)

### COMPRESSION STOCKING SOLUTIONS

**Quintro HealthCare** is proud to be a chosen supplier of two world renowned brands of true gradient compression medical stockings - Varisan manufactured in Italy, and Therafirm manufactured in the U.S.A.

True gradient compression stockings improve blood flow and are designed to deliver a controlled amount of pressure which is greatest at the ankle of the garment and gradually decreases towards the top of the stocking. This gradient pressure promotes better circulation and helps control swelling, leg fatigue and other problematic leg conditions.

The Italian RAL certified Varisan brand, owned by family company Cizeta Medicali S.p.A., was first launched in 1971. The company itself has been in business since 1872, producing the first elastic stockings in 1936.

Each batch of stockings manufactured is tested to ensure it complies with all the main international quality standards for compression wear. Product quality is the key to its success on a national and international scale.

Cizeta Medicali is also a founding partner of eurocom, the European manufacturers federation for compression therapy and orthopaedic devices industry.

## THERAFIRM®

COMPRESSION SOLUTIONS™

Therafirm, a division of Knit-Rite, is a leading USA manufacturer of quality compression hosiery and socks.

For over 50 years Therafirm has been a leader in manufacturing healthy, gradient compression products and innovating the way people view compression. Therafirm products are soft, cool and comfortable for all day wear. Products feature soft, comfort bands on the knee-high stockings and trouser socks, and soft waistbands on pantyhose. All Therafirm gradient compression hosiery garments are made using a Micro-Cool process.

Micro-Cool creates a wicking effect so moisture evaporates from the skin quickly, therefore providing a comfortable coolness.

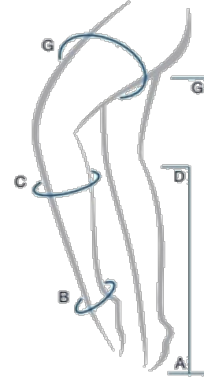

# VARISAN<sup>®</sup> TOP

The RAL-certified VARISAN<sup>®</sup> TOP is made from multifilament yarn that gives the stocking greater softness and breathability, which also makes them easier to wear.

VARISAN<sup>®</sup> TOP is available in Class 2 in five standard sizes, 5 plus sizes and in two lengths.

**Conni**

Conni chair and bed pads can be used countless times. They are machine washable and tumble dry safe on a low heat. Being free of chemicals and fragrances and Oeko-Tex accredited they are safe to use against the skin. The waterproof barrier uses a proprietary blend of micro-fibre in place of toxic PVC.

The Conni Absorbent Mat is designed to sit firm and flat on the floor to prevent trips and slips in areas where liquid might spill. It is easy to wash by hand, just rinse with warm soapy water, hose off and leave outside to dry.

The **XcelTrax Air** walking brace provides ideal support and comfort to help promote healing for patients with mild to severe foot and ankle injuries. The edgeless sole design adjusts to each patient's unique gait pattern. This unique sole design, wider foot bed and low profile rocker sole help promote a more stable and natural gait. It also contains a shock pod in the outer sole to help reduce the impact of heel strike during ambulation, minimising any irritation to joints and the injury site. The lightweight design and unique pre-shaped ergonomic frame helps modify the level of pressure on the injury at both the ankle and lower leg and the anatomical design of the struts accommodate a wide variety of leg sizes. The **XcelTrax Air** features an integrated pump design to make the pneumatic liner simple to inflate and adjust.
